

COMMUNITY LEARNING CENTER Aerospace Industry Training Partnership

Producing Skilled Workers for 21st Century Jobs

The Community Learning Center Aerospace Industry Training Partnership (CLC AITP) offers entry level training in Aircraft Structural Assembly to qualified applicants at no charge.

During the course of the training program, students will learn the basics of:

- Manufacturing Mathematics
- Engineering Drawings
- Precision Measurements
- Drilling/Reaming/Countersinking
- Fastener Installations
- Basic Computer Operations

All courses include classroom and shop floor training with Safety and FOD related instruction.

Why Train With Us:

- Assistance in professional development and resume writing
- Possible interviews with area aerospace employers & other manufacturers provided they are hiring
- Currently day classes only at the Fort Worth Opportunity Center
- Classes consist of both classroom and shop floor training

Every program applicant must

- Be at least 18 years-old and have a high school diploma or GED
- Must be determined WIA Dislocated Worker eligible
- Demonstrate successful performance on an aptitude test
- Be a U. S. Citizen or Permanent Resident Alien
- Have NO felony convictions
- Be able to pass a background and drug screen test
- Have reliable transportation

Orientation scheduling is available by calling Sam Deckich at 817-451-5080 or 682-225-4973.
